

In the space below, please list extracurricular activities – a maximum of 5 – you have participated in throughout high school. Activities can include student clubs, sports teams, conferences, competitions, volunteer work, paid employment, entrepreneurial ventures, etc. We are interested in hearing *what you learned* from taking part in these activities. You must provide a reference who can vouch for your participation in each activity listed. Activities without references will not be evaluated.

We recognize and will consider the impact the COVID-19 pandemic has had on students' ability to take part in extracurriculars from March 2020 onwards.
